OLD CANNON BALL A RELIC OF DAYS OF 1812, IS FOUND

Discovered In Apple Orchard
of Major Baker When
Workmen Are Removing
Apple Trees Eighty Years
Old.

LAST OF ORCHARD

Ball Now Weighs Five And
Three-quarter Pounds —
May Have Been American
or British as Troops of
Both Nations Were Here.

Major H. F. Baker's Side-
road, brought into the Independent
office on Tuesday, a cannon ball
that had been turned up while
workmen were removing apple
trees on the Baker farm.

This cannon ball is no doubt a
relic of the war of 1812 and would
therefore be 131 years old, at least.
Whether it is a ball of British or
American origin cannot be deter-
mined, but records do tell us that
the Americans bivouaced at Grims-
by on their way to attack Stoney
Creek and later in their retreat
embarked by boats from the
Grimsby harbor.

The ball now weighs five and
three-quarter pounds and no doubt
was originally an old seven-pound-
er, but years of corrosion have re-
duced it in weight and size.

The apple trees now being taken
out of the Baker orchard were
planted in or about the year 1865—
78 or more years ago—by the late
Cyrus Nelles. The planting taking
place just a year or two previous
or the year of his marriage.

The late Joseph Twiddle of
Stoney Creek, who became one of
Canada's best posted apple growers
and propagators, helped Mr. Nel-
les to plant this orchard. Originally
the orchard consisted of 600 trees
but for several years tree have
been taken out until this year the
last of them will find a spot in the
fire place.

First Wolf Killed In Lincoln County

Record of Years Shattered
When "Wolfie" Was Struck
by Car on Queen Elizabeth
Way.

(St. Catharines Standard)

The first wolf to be killed in Lin-
coln County in many years has
fallen to Jonas Wright, 52 Bartlett
street. He came to the county court
house yesterday to claim the bounty,
and the pet was sent by County
Clerk W. H. Millward to the de-
partment of Game and Fish for
their approval before the bounty
would be paid.

Mr. Wright did not shoot the
wolf. He was driving on the
Queen Elizabeth Way east of
Homer last Saturday night. What
he thought to be a large dog was
on the road, and despite his efforts
to avoid hitting it, his car skidded
on the slippery pavement and
struck the animal. He walked
back to see if it was badly hurt
and found that it was dead. Mr.
Wright thought it looked different
from a dog, and took it to Game
Overseer F. C. Lamoure, who
identified it as a brush wolf.

Mr. Lamoure told The Standard
that the wolf would weigh about 60
pounds, and was about four feet
long from nose to tip of tail. It
was gray, and was like a "sneak
dog" with clean legs for fast trav-
elling.

This is the first wolf to be killed
in Lincoln County since Mr. La-
moure became game overseer eight
years ago, and he stated that he
had never heard of one being killed
before that. Mr. Lamoure him-
self had seen a timber wolf, a large
animal, near Niagara-on-the-Lake
about six years ago, he said. He
added that two wolves had been
killed in Welland County last
month.

WHERE TO GET THE INDEPENDENT

Copies of The Independent
are on sale each week, at
five cents per copy in the fol-
lowing local stores:
James Baker.
C. H. Rushton
Milby's Drug Store.
Every Thursday morning
after 10 o'clock.

In The New Year's Honour's List

Vice-Admiral Percy Walker
Nelles Made a Companion of
The Bath — Descendant
of Old Grimsby Family.

It may be of interest to the read-
ers of the Independent to note that
Vice-Admiral Percy Walker Nelles,
R.C.N., who has been made a Com-
panion of the Bath in the New
Year's honours list announced last
week at Ottawa, is a direct de-
scendant of Colonel Robert Nelles,
United Empire Loyalist, who built
"The Manor", Grimsby.

Vice-Admiral Nelles was born in
Brantford, Jan. 7th, 1892. He mar-
ried in 1915 Miss Helen Schuyler
Allen, daughter of the then U.S.
Consul at Bermuda. He has two
sons, Charles Macklem Nelles, and
William Allen Nelles. His brother,
Norman, was the first Niagara-on-
the-Lake casualty in the first Great
War.

His father was Brig.-General
Charles Macklem Nelles, C.M.G.,
of Niagara-on-the-Lake. His grand-
father was James Cummings Nel-
les; his great grandfather, Rev.
Abram Nelles, missionary to the
Mohawk Indians; and his great
great grandfather was the United
Empire Loyalist, Colonel Robert
Nelles, who was a pioneer of
Grimsby when it was "The For-
ty."

Liquor Rationing Now In Effect

Clamps Are Being Put on The
"Hard Stuff" — Beer And
Ale Will Still be Plentiful

New Ontario Liquor Rationing
restrictions came into effect at
Grimsby Liquor Store on Monday.
Under the new regulations a per-
son in order to get whisky, gin,
rum, brandy or other spirits must
have a \$2 yearly permit. The 25
cent permit has been done away
with.

An individual can only purchase
in the course of a month 160
ounces of spirits, but only in this
manner, one 40 ounce bottle at a
time or four in a month; one 26
ounce bottle at a time or six in a
month; two 12 ounce bottles at a
time or 12 in a month.

Where the only permit that can
be used is the yearly book an ac-
curate check of purchases can be
maintained, whereas with the 25
cent permit in vogue it could not
be done.

Beer and ale drinkers will be al-
lowed to purchase 48 pints per day
or 24 quarts.

1943

County Council

Lincoln County Council for 1943
will be composed of the following
Reeves and Deputy Reeves:

North Grimsby—Reeve Chas. W.
Durham; Deputy Reeve, Geo. W.
Crittenden.

Grimsby—Reeve Wm. Lothian.
Clinton—Reeve George Mont-
gomery; Deputy Reeve Harold
Freure.

Beamsville—Reeve Roy Saun-
ders.

Caistor—Reeve Leslie Lymburn-
er.

Gainsboro—Reeve Wm. E. Heas-
lip; Deputy Reeve Wallace Mc-
Creedy.

South Grimsby—Reeve J. Good-
man Pettigrew.

Louth—Reeve Dorman D. Miller;
Deputy Reeve Geo. E. Wylie.

Port Dalhousie—Reeve Robert
Johnson.

Merriton—Reeve Jos. D. Hiltz;
Deputy Reeve W. Swindel.

Niagara Town—Reeve A. D.
Fitzroy.

Niagara Township—Reeve W. H.
Sheppard; Deputy Reeve W. G.
Dawson.

Grantham—Reeve J. C. Dressel;
Deputy Reeve Cecil Secord.

In the financial statement of the
Salvage committee in last week's
Independent there crept in a very
bad error. In the sale of tin it ap-
pears in the paper as \$2,154. This
is incorrect. The right amount is
\$154.

Away Back When

This column, for this issue only, has been moved to the front
page, in order to do honor to one of the finest "young" men that have
gone forth from the "Old Forty" in the past half century.

There are a great many people in Grimsby and the Township,
who know him personally. But he is known, not by thousands, but by
millions over the air waves. I refer to Andrew D. Clarke, the subject
of this sketch. Andy to you but "Nibsey" to me.

Andy Clarke, the Neighbourly News Commentator over C.B.L.
every Sunday morning, for the Weekly Newspapers of this province, is

Good Evening, Friends

THIS IS ANDY, HIMSELF

a Grimsby boy, bred and born, and a boy that his great legion of
friends in this district feel mighty proud of.

He was born in the little frame house that stands at the top of
the Clarke street hill, just around the corner off Ontario street. He has
perfect proof of that, for as a hustling, bustling, devilish lad of eight
years his father gave him a jackknife and he proceeded to carve
his initials "A.D.C." in one of the stones in the foundation and those
initials are very visible today. Anybody curious enough to go and look
will find them on the north side of the building.

Clarke street was named after his "Uncle Bill" who for many
years was a stalwart municipal campaigner. Reeve of the Village,
Warden of the County and Commissioner of the County, at the time
that that system of county government was in use. The street received
its name from "Uncle Bill" as he donated the land from Maple Ave. to
Elizabeth street for the purpose of opening up that thoroughfare. He
also donated the land that for years was Victoria Park, which when
the Queen Elizabeth Way went through was all carved to pieces.

When Andy was late in his "teens" he went to Niagara Falls,
N.Y. and got himself a job which he stayed on for several years. He
left that and came back to Toronto. That was in the early 1900's. He
had an obsession to be a newspaperman. (The only one of the Clarke
family that ever was). He landed a job as a Cub with the old Tor-
onto World, which by the way was the Greatest School of Journalism
that Canada ever possessed, and one of the best in the World.

He proved to be a "natural". He could smell a story a mile
away. That's the secret of a newspaperman. He made good from the
start. It wasn't long until the London Advertiser sent for him and he
went up to the Forest City and put over a swell job of organizing and
developing that paper's district news and circulation.

Then the late Harry Anderson, the "Old Tiger", Managing Editor
of the old Toronto Globe, realizing the worth of Andy took him away
from the London paper and made him News Editor of The Globe,
which position he held for 13 years.

It was with The Globe that he started his radio career. He was
the first newscaster in Canada, back in the late 1920's. In a few short
months of newscasting his "Good Evening, Friends" became the best
known salutation on the ether. All across Canada from the fishermen
on the Pacific, everybody listened for Andy Clarke. Ships at sea pic-
ked him up and palatial cruise boats on all oceans waited for his voice at
eleven o'clock at night.

When The Globe amalgamated Andy went with a big city de-
velopment commission for the city of Toronto and eventually back to
radio.

Andy is a true son of the Grimsby Fruit Belt. His father was
George Clarke, Veterinary Surgeon to the whole district for years. The
Clarke family trace their genealogy tree back to the family of Colonel
Shaw, Lieutenant-Governor of "Muddy York" (Now Toronto), whose
daughter was betrothed to General Brock, who lost his life at Brock's
Monument, in defence of Canada in 1812.

His mother was Amanda Zimmerman, a sister of Colonel Wm.
Zimmerman, of the old Lincoln Militia. His sister Mrs. W. F. Randall,
is now residing with her daughter Mrs. Cliff. Milne at Fruitland.

The next time you listen to Andy telling you in his own droll
manner about things in The Little Towns of Canada, you will know
where he gets that Little Town feeling that he puts into his words and
phrases. Just a Grimsby Kid that made good in the Big City in the
Toughest Game In The World, the newspaper business.

If it is Cold and Stormy in Grimsby...
What is it on the NORTH ATLANTIC?

NEW GRIMSBY BOWLWAY IS OPENED TO THE PUBLIC

Blizzard Did Not Stop The Voters

In Spite of Storm Large Votes
Were Recorded in Four Lin-
coln Municipalities — Saun-
ders Defeated Kennedy in
Beamsville.

Despite the heavy snow and blus-
tery weather ratepayers in four
Lincoln municipalities turned out
in goodly numbers on Monday to
exercise their franchise at the
polls.

In Beamsville Roy Saunders, a
member of the council for the past
eight years put up a surprising
fight when he defeated ex-Reeve
Robert Kennedy for the reeveship
by a majority of 135. The vote was
Saunders 230, Kennedy 95.

Beamsville still has to have an-
other nomination and possibly an
election in order to fill two vacan-
cies that exist on the council due
to the fact that only two members
qualified at the original nomina-
tion.

Back in Gainsboro where the
snow banks were three feet high a
tremendous vote was polled, con-
sidering the weather, with ex-
Warden Wm. E. Heaslip defeating
ex-Reeve Theron Beamer for the
Reeveship by a majority of 206.
The vote being Heaslip 387, Beam-
er 181.

For the three seats around the
council board Misener polled 287,
Fralick 250 and Book 246. Moore
was the fourth man with 208.

Down in Port Dalhousie Robert
Johnson, Reeve of the Lakeside
village for the past eight years was
again elected to that position by
155 majority over his opponent,
Wilfrid Hart.

Reeve A. A. Haines of Niagara
Town was defeated by A. D. Fitz-
roy by a majority of 121.

Raging Storm Hits The Fruit Belt

Whole idistrict Buried by
Heavy Fall of Snow—High-
ways Kept Open — Town
Streets Kept Free From
Blockage.

Snow shovels, snow ploughs and
tow trucks were the order of the
day in the Fruit Belt on Monday,
when one of the heaviest falls of
snow in over five years mantled the
district.

Starting just at dark on Sunday
night the snow gradually fell
heavier and the wind came up un-
til at midnight a regular blizzard
was howling through the whole
district. When morning came there
was a good two feet of snow on the
level and very much higher in
drifted spots.

Ploughs of the Department of
highways and their crews bucked
the storm all night and all day
Monday and were fairly successful
in keeping the Queen Elizabeth
Way and No. 8 Highway open to
traffic, although their efforts were
hampered somewhat by the num-
ber of cars in the ditches or aban-
doned along the sides of the roads.

Five ploughs were operating on
the Queen Elizabeth and three on
No. 8. Most snow in this district,
highway crews reported, was along
No. 8 highway between Winona
and Hamilton. Dozens of cars and
trucks were stalled on the differ-
ent highways, many of the cars be-
ing abandoned right on the road
when the motors stalled owing to
the fine snow blowing under the

50 Years Ago

(Hamilton Spectator, Dec. 29,
1892)

Brer Livingston, of the Grimsby
Independent, is a candidate for the
reeveship of Grimsby. Of course,
there cannot be the slightest doubt
of his success. Then Grimsby will
see a 200-roomed summer hotel in
the rock behind the village, streets
paved with asphalt, a public school
at every street corner, free bus to
the park, a total banishment of
bar-rooms, an occasional editorial

Crowd Estimated at 500 Visi-
ted The New Place of Enter-
tainment on Tuesday Night
— Congratulations to "Lit-
tle George".

LADIES BOWLING

Four New Alleys Contain 7-
940 Lineal Feet of Hard-
wood — Grimsby Bowling
League Now Has 96 Mem-
bers.

Tuesday night was a big night in
Grimsby, snow or no snow.

Grimsby's long awaited bowling
alleys were opened to the public
and congratulations are the order
of the day to George Kamnacher.

A conservative estimate would
place the number of people that
visited the new spot of entertain-
ment during the evening at 500.
The crowds were just that great
that three times the amount of
space that is in the building would
not have accommodated them.

Bowling to the general public is
a new thing in Grimsby, despite
the fact that for the past five years
the Grimsby Bowling League has
been in existence, but unfortun-
ately had to play all their games in
Beamsville. Now they have a home
of their own.

The new alleys—four of them—
are 66 feet long. There are 40
strips of hardwood, three inches
thick, to each alley. This means
that there are 7,940 lineal feet of
hardwood in the alleys alone. Then
there are the "gutters", the ball re-
turn tracks and the runways.

Anybody who was familiar with
the old Kamnacher restaurant
would not know the place. The
front has been changed to bring
the door out to the window and
street level; the back wall has been
cut away from the floor up six
feet. Where the cooking ranges
and ice boxes used to be are now
(Continued on page 8)

Russia Calling Grimsby Helping

Committee Formed to Accept
Donations For The Cana-
dian Aid to Russia Fund—
Bank of Commerce Will
Take Contributions.

Never before in the history of
the world has medicine been faced
with such a challenge as that
which Soviet science has been cal-
led upon to meet. Twenty-four
hours a day the guns rumble along
the Russian front. They take lives,
cause fearful wounds, they shatter
arms and legs, make gaping
wounds in chests and abdomens,
disfigure faces beyond recognition.
Already they have caused over five
million casualties on the Russian
front. Add to these the tens of
thousands of civilians, old men,
women and children who have been
slaughtered, tortured, maimed and
disfigured by the Nazi brutes, and
you have a story of death and suf-
fering unparalleled in all history.

A Grimsby Branch of the Cana-
dian Aid to Russia Fund has been
established with Hugh Campbell as
Chairman and the following ladies
and gentlemen serving on his com-
mittee: Miss Ann Crane, Mrs. J. A.
Jacklin, Mrs. Gilbert D. Wade,
Irwin Phelps, Wm. Hewson and Eric
Ewing, Manager of the Canadian
Bank of Commerce.

Cash contributions, no matter
how large or small will be welcom-
ed by the committee. Such contri-
butions to be made direct to the
Bank of Commerce, returns of
same will be made to headquarters
of the fund in Toronto, weekly.

Official receipts for all donations
will be sent from Toronto head-
quarters each week.

Help those who are helping us.

Facts And Fancies

Frank Fairborn, Jr.

GOODBYE AND WELCOME

Grimsby has two new Bonifaces, Messrs. Anderson and Aiton, the new owners of The Village Inn.

To them in their new field of endeavour I wish, on behalf of The Independent and Staff, the greatest success that it is possible to be attained.

To Mr. and Mrs. Graham, just "Red" and "Gussie" to their legion of friends, much happiness in retirement and the hope that you will remain in our midst. Far away fields are green, but in the end the Grimsby Peach Belt is the most luscious.

"WELL DONE THOU GOOD AND FAITHFUL SERVANT"

There retired from public life on Tuesday night last, a gentleman, who for over half a century has given his all for his neighbours and whatever municipality he was living in.

Robert Henry Lewis, after 52 years of municipal service has retired. It is a far cry back to the first day that he accepted, as a youngster, slightly over the legal age, a nomination to sit in the council of the Township of Barton, and was elected. From that day on he was a consistent municipal official of some kind.

He served Barton Township long and faithfully as a councillor and as a Road Superintendent. He was the man that worked the first road grader in Canada when the manufacturers, Sawyer-Massey Co. of Hamilton, brought it out to the Barton roads for testing.

He came to Grimsby some 30 years ago and lived on the Mountain but took no part in municipal affairs. Then he moved to town and immediately got back in the game. He has been a member of the Town council for practically 15 years, elected five times by acclamation.

As both Mayor and Councilman he gave the citizens what he thought was best for them and the Town. He had differences with people, the same as you and I but the next day it was all over. Whatever was best for Grimsby and the County of Lincoln, he was for.

He is not as young as he used to be, but he has still a lot of happy life ahead of him and he can rest back in his armchair and read his Tory papers and say "boys, go to it, I have done my bit, now you do yours."

Knowing Mr. Lewis as I do, since a babe, I can quite easily understand how hard a pull was at the heartstrings when he realized that for the benefit of his own health, he had to retire from public life. It was a struggle, but he had been in struggles before and came out victorious and he will do the same this time, for with the relief of public office lifted from his mind he can rest and relax and that adds years to life.

The doors of this office will always be open, and the writer will always be ready to listen and accept, as in the past, his words of wisdom. Therefore I say, "Well Done, Thou Good And Faithful Servant."

POOR OLD BEAMSVILLE

Our good neighbours to the East have fallen from grace.

They have lapsed into such a state of lethargy that they have even forgotten that it requires four men to sit on their council besides the Reeve. Now they have to hold another election. That costs money. And money means a lot to a Beamsvillian.

It might be possible that they have so much confidence in their very able Clerk, Harry Reid, that they did not deem it necessary to have a full council. They may not be wrong at that, but the Municipal Act says otherwise.

What I cannot understand about such a situation arising in Beamsville is, that for more years back than I can remember, the ratepayers of that settlement always took such a pride in their public affairs.

Why, I can go back to the halcyon days of the late J. D. Bennett and Dave Davis, when Editor Bywater had to use half-sheet auction bill paper for ballots in order to get all the aspirants for office on the one ballot.

I am surprised that such a thing as this could happen in the Village that "Pep" Shepard says is the "Finest Outside of Heaven". Maybe there is a reason. You never can tell about Beamsville.

OUR SILLY SALVAGE SETUP

At the nomination meeting of North Grimsby, a citizen queried Reeve Durham regarding the sale of salvage, which he had every right to do, as Reeve Durham and Mayor Johnson of Grimsby Town, are the two people charged by the government as having control of all salvage gathering and sale of same.

When this salvage order came through, they being mighty busy men, decided that it was a one man, all time job, and cast about for a man that would take it over, handle it properly and leave them without worries when accounting time came. They selected James A. Wray.

That was 18 months ago. A lot of salvage has been collected and sold since then. Some \$2,500 worth (see statement in last week's paper) and yet there are a great number of citizens in both municipalities still in the dark regarding the sale of this salvage.

The North Grimsby ratepayer was in the dark, because he did not understand that this salvage is sold at government set prices and CAN ONLY BE SOLD TO GOVERNMENT LICENSED JUNK DEALERS.

There is no doubt that Mr. Wray could have sold on a private market, at tremendously higher prices than what he sold for, but the law did not allow him to sell to anybody but a government licensed dealer. That dealer would only pay him the price that the government set.

It goes without saying that the dealer was making double the amount that he paid for the goods, but that is not Mr. Wray's fault or the Mayor's or the Reeve's. It is the fault of the men in Ottawa who make the regulations.

Imagine selling scrap paper to a dealer from Hamilton (Mr. Wray cannot deal with a St. Catharines man) who takes it to that city and then turns around and hauls it all the way back to Thorold to the paper mills. That is the regulation.

Regulations such as that, and there are dozens of them, only tend to make people furtive. In fact, makes them hoarders and that is the class of people we do not want and are fighting today.

Such a situation cannot help but exist when the government place such restrictions on the sale of property given gratis by the people.

A man gives to the salvage a half a ton of iron and then finds out that that iron can only be sold to a certain individual who has been licensed by the government, at a price set by the government, he immediately begins to wonder where he is getting off at.

The next thing you know some commodity starts to get a little scarce, through nothing but a natural cause, and he gets scared and starts to hoard and there you are with a panic on your hands.

Why should such a situation exist that there are only four licensed dealers that can buy salvage from the Grimsby salvage committee and at a price set by the government? Why was not the price set by the government and let all the dealers buy it?

It's a known fact that iron bought in this district at the government price has been sold for three times the price by the dealer.

This salvage business is a war effort not a money maker for the dealer insofar as the citizen who is giving the salvage is concerned and the sooner the King government in Ottawa realize this the better for Canada and the more salvage that can be obtained.

GRIMSBY HAS CHOSEN WISELY

Since 1876 when Grimsby first became an infant in the incorporated village field, it has chosen very wisely of its municipal officials, with of course, the odd mental aberration that befalls many too complacent municipalities.

The past six years it has been choosing more wisely, year by year, and that choosing has borne fruit, so much so, that I think the Old Town has hit an all time high for 1943.

The "Little Mayor" is at the head of the table. "Bill" Lothian is going back to County Council where he is considered one of the ablest men that sits around the table. "The Twins", Archie and Andy have proven without a criticism that they are not only able businessmen but capable councilmen. Henry Bull stands by himself as the most conscientious self sacrificing man, that ever sat in a Grimsby council. He is positively above reproach and his record speaks for itself.

"Jimmie" Baker is a one year man. Naturally one would not expect too much of him, yet he did everything that was asked of him and all the time he was learning. I look for bigger things this second year. "Old Buzz" has been there so long that he knows more ways of getting a long session of council adjourned than all the rest put together. "Buzz" has to meet trains at six in the a.m.

I now introduce our "Baby Member" Howard E. Inglehart. He has lived in our midst a long time. Very quiet. Very genial. Very steady and solid in his ways of doing business, so much so that with his partner, George Gledhill, they have built up a wonderful business at the Grimsby Garage.

Howard is a large property owner in Grimsby today. He has Grimsby at heart and it cannot be expected that he is going out and set the world on fire. He must learn and by his own statement he wants to learn. I believe that this "Baby Councillor" in another year will prove that his business acumen as a private citizen will be of great value to the municipality.

Thanks heaven we have a pair of Jims — I didn't say a pair of Jacks — Jim Theal and Jim Wray. They are our new Hydro Commissioners, with a third that comes from

the council who will, without doubt, be Councillor Aiton.

Both these Jims have had plenty of municipal experience. Jim Wray served on Grimsby council for many years. Jim Theal not only served on the council for many years but was for two years Reeve of the Village. I know because he beat me for the job.

I have nothing to say about our Water Commissioners for they have said it for themselves in the past six years. Grimsby today has the best operated and the most economical system in Ontario.

Our Board of Education speaks for itself. Recent reports of their meetings and the clear, concise statement by Chairman Earl J. Marsh at the nomination meeting, says volumes for this well balanced, well managed Board.

Grimsby is fortunate that in these days of trial and tribulation and with worse days to come, we have such a body of efficient men directing our affairs.

Penned and Pilfered

In these days of scarcity, says the Lady Next Door, folks are discovering that a steer has giblets, too.

The horse and mule live thirty years
And nothing know of wines and beers.
The goat and sheep at twenty die
And never taste of Scotch and Rye.
The cow drinks water by the ton
And at eighteen is mostly done.
The dog at fifteen cashes in
Without the aid of rum and gin.
The cat in milk and water soaks
And then in 12 short years, it croaks.
The modest, sober, bone-dry hen
Lays eggs for nogs and dies at ten.
All animals are strictly dry,
They sinless live and swiftly die;
But sinful, ginful, rum-soaked men
Survive for three score years and ten.
And some of us—the mighty few—
Stay plastered 'till we're eighty-two!

IN WHICH THE WOMAN-NEXT-DOOR LOOKS AT US, AT OUR TOWN, AND OCCASIONALLY AT THE WORLD

Paper Pattern

Partly because of the new government regulations relating to clothing, more and more women will be sewing for themselves and their families. Some of them learned how by making coats, shirts, trousers, and a string of etceteras, for the Red Cross. Before that they didn't know t'other end to of a paper pattern, while to others it was a return to a familiar art.

Who invented the paper pattern? Ellen Butterick, a modest New England housewife, about eighty years ago. She had just completed a gingham dress for one of the children, and was struck with an idea that has been invaluable to all who sew, either for themselves or professionally. She straightway appealed to her husband, Ebenezer Butterick, a country tailor, to help her carry it out. He later became one of the founders of the great Butterick pattern making establishment. Mr. and Mrs. Butterick between them set about figuring out ways and means to produce patterns that would meet the needs of the home sewer.

The first patterns they turned out were rather crude, being made of stiff paper. The styles were very modest, only the outlines of the plainest garments, such as plain waists and skirts, plain shirts for little boys, and little straight slips for girls. We wonder if this was where Marilla Cuthbert obtained her ideas on how to dress little girls when she made that first awful school outfit for Anne of Green Gables?

From the first the patterns proved to be a success, and it wasn't long before they were being cut out of tissue paper, put up in bundles with neatly printed instructions. Soon they were improved by indicating plaits and gathers, little frills, collars and fuffs. Perforations, notches and small holes appeared about the same time, too, the use of which were to aid in working out details and in placing the pattern correctly on the material from which the garment was to be cut. The paper pattern had grown up!

"The golden age is not in the past, but in the future: not in the origin of human experience, but in its consummate flower: not opening in Eden, but not from Gethsemane."

"The Luscious Peach With Crimson Cheek"

Of interest to everyone who is so fortunate as to dwell in the Niagara Peninsula, and especially those who live by fruit growing (and don't we all?), is the Howard Fisher Peach. This comparatively new variety was originated by Howard Fisher, of Queenston, and the young nursery stock was being put on the Canadian market in small quantities for experimental planting in the same year that the King and Queen paid their memorable visit to Canada—1939. Apparently it proved itself, for we see in a recent number of The Country Gentleman that it has now been launched on the American market and has won favourable comment from Northern Ohio, a peach country of considerable importance.

On what turned out to be the last of their annual jaunts before the war, Grimsby Women's Institute visited the Howard Fisher Orchards at Queenston (Mrs. Fisher was at that time county president of the Institute) and there out in the orchard, which had once been the bed of Lake Ontario, as was amply proven by the smooth waterworn stones that covered the ground thickly, they saw the parent tree, a Valiant, and on it the famous limb that produced the unique new peach. In fact it was bearing a fine crop at that very moment. The Women's Institute was so struck with the historic significance of the occasion that they had a group photograph taken of themselves under the tree, the camera being aimed by no less a personage than the originator himself. On another part of the farm the members visited the nursery gardens where the young Howard Fisher trees were being produced by the thousand.

The value of the new tree lies in the fact that it ripens earlier than the Valiant and almost six weeks ahead of Elberta. It is a highly coloured peach, of good size and quality, with deep yellow flesh. It is not always a freestone but separates readily from the flesh. The fruit holds well on the tree during the ripening period of 10 to 14 days.

John Milton

When Milton was at Cambridge, he was nicknamed "The Lady." The sobriquet did not arise merely from the almost feminine beauty of his face—the delicate complexion of white and red, and the rich auburn hair, so often "the cynosure of neighbouring eyes"—it had at least as much to do with the singular purity of his character, and his most careful and constant abstinence from the revelries of the time.

This purity of soul received strength from the very pride and ambition of his nature; for with him it was a kind of instinctive belief that whoever "would write well in laudable things ought himself to be a true poem—that is, a composition and pattern of the best and honourable things; not presuming to sing high praises of heroic men or famous cities, unless he have in himself the experience and the practice of all that is praiseworthy."

Theatrical performances in Milton's day left much to be desired in the way of every-day decency. He was horrified by the prostitution of an honourable gift to a pernicious use. The rescue of the dramatic gift and its consecration to the service of purity was probably his purpose in giving to "Comus" what of the dramatic form it has.

The occasion was one for which not many young poets would have thought of so serious a poem. The Earl of Bridgewater, as Lord President of Wales, was to enter upon his official residence at Ludlow Castle. A large concourse of the neighbouring gentry and nobility were present. The younger members of the Bridgewater family thought that among the hospitalities of the occasion there should be included some striking musical and poetical entertainments—a masquerade, in short. Milton was applied to, to furnish the poetry. Of course he had the nymphs, shepherds, spirits and enchanters in its machinery, but the grand design of the poem was—to sing the praise of chastity.

With what profound success he accomplished his task may be discovered from a reading of the dramatic poem (or poetic drama), Comus.

We venture to say that more quotations from three of John Milton's poems have passed into current speech than from any other literary source, not even excepting Shakespeare's works. The three poems are L'Allegro, Il Penseroso and Comus. Try them and see for yourself.

Cooky Jar

When the children come clattering home from an afternoon's skating at the Arena, try out some of these Carrot-Honey Cookies on them:

Two cups flour, 2 tps baking powder, ¼ tsp. salt, ¼ tsp. baking soda, ½ tsp. cinnamon, ¼ tsp. nutmeg, 2 cups quick cooking rolled oats, 1 cup raisins, 2/3 cup shortening, 1 cup grated carrot, 1 cup honey, 2 eggs, well beaten.

Mix dry ingredients. Cream shortening, stir in carrots then add honey and eggs. Add flour mixture gradually. Drop from a teaspoon on a greased cookie sheet and bake at 350 degrees for 25 to 30 minutes. Yield, 5 to 6 dozen cookies.

As you probably haven't all the ingredients on hand, you'll be farther ahead if you hand out slabs of luscious bread and jam, instead.

Here's How Canadians Waste Power

So that our war production may not suffer, householders are asked to conserve their electricity. The Department of Munitions and Supply order applies to Ontario and Quebec where many war plants are situated and working 24 hours a day. Canadians for years have wasted power and two of the most common methods of waste are illustrated above. (1) The refrigerator door is left open while the housewife takes out the foodstuffs one item at a time, and walks away. Power is also wasted when you keep the refrigerator colder than necessary.

Operate it only at the required temperature for the proper preservation of foods. (2) A frequent power thief is the electric toaster operating in competition with the daily newspaper. Toasters should be in use only when toast is required. Don't leave your toaster on all during breakfast when not toasting. Watch your toast so it won't burn. Burned toast only means that another piece has to be made and more electricity used up. Here the wastage is double—both bread and power are used unnecessarily.

Sunday School Lesson

SUNDAY, JANUARY 10th, 1943

Jesus Instructs A Great Teacher

St. John 3: 1-16.

Golden Text—St. John 3:16.

An Introduction to the Lesson—The Historic Setting

It was at the first passover which Jesus attended in Jerusalem following His baptism in the Jordan, that Nicodemus sought Him out for an interview, as recorded in our lesson study. In the interval, the Lord had gone up into Galilee to attend a wedding, at which also His mother and His disciples were guests. Following this, He returned to Jerusalem and the first cleansing of the Temple took place. This was, according to our best records, in A.D. 27.

A Lesson Outline—John 3:16.

D. L. Moody, on the lesson says: "God has put the matter of Salvation in such a way the whole world can lay hold of it. All men can believe. A lame man may not perhaps be able to visit the sick, but he can believe. A blind man, by reason of his infirmities, cannot do many things, but he can believe. A deaf man can believe. A dying man can believe. God has put salvation so simply that young and old, wise and foolish, rich and poor, can all believe if they will."

The Heart of the Lesson

He who would enjoy the blessedness of the Spiritual Kingdom of God must possess a life suited to that sphere of the new creation. Religious education is not enough and must not be substituted for regeneration. It is as true today as ever that men must be born again in order to see and enter the Kingdom. Nicodemus, to whom Our Lord said, "ye must be born again" was a highly trained religious teacher of the Jewish Sanhedrim.

Application

Some are troubled because they cannot recall a definite time when they were born again. But if we believe in the Lord Jesus as Saviour and Lord we may know we have eternal life (1st John 5:13).

The universal joy of Christmas is certainly wonderful. We ring the bells when princes are born, or toll a mournful dirge when great men pass away. Nations have their red-letter days, their carnivals and festivals, but once in the year, and only once, the whole world stands still to celebrate the advent of a life. Only Jesus of Nazareth claims this world-wide, undying remembrance. You cannot cut Christmas out of the calendar, nor out of the heart of the world.—Anon.

A LOCAL RATION BOARD HAS NOW BEEN ESTABLISHED

To help you with your ration problems

... AT ...
TOWN HALL, MAIN ST., GRIMSBY
Telephone 173

PERSONNEL OF LOCAL RATION BOARD

Chairman - Mayor E. S. Johnson Secretary - Armand Hummel

MEMBERS

D. E. Anderson, C. W. Durham, Roy Saunders, Geo. Montgomery, L. R. Lymburner, W. E. Heaslip, J. G. Pettigrew, Mrs. Russell Terry, Mrs. T. S. Cret.

TERRITORY UNDER ADMINISTRATION

Town of Grimsby and Townships of North Grimsby, South Grimsby, Caistor, Gainsborough, Clinton and The Village of Beamsville.

This Board has been established to facilitate the settlement or adjustment of the ration problems of people residing in the district defined above.

The object is to ensure that restrictions made necessary by war are applied with maximum effectiveness, minimum inconvenience and equal fairness to all consumers and suppliers. The basic reason for all rationing is to assure a fair division of available supplies to everyone.

Serving voluntarily on the Board are local citizens representative of the people of this district, and able to bring an intimate knowledge of local conditions to this new wartime task.

At the local Ration Board's offices you can get full information on all aspects of consumer rationing, and prompt adjustment of special problems, such as—what to do in the event of loss or damage of your ration book . . . whether extra rations are allowed for special purposes . . . and other matters announced from time to time.

Take full advantage of this service established for your convenience

Co-operate with your fellow citizens who are giving their time to your problems

SOCIAL AND PERSONAL

A/C 2 Don Taylor, Trenton, was a visitor in town this week.

Alec Mellway, Unionville, was a holiday visitor at the home of Mrs. John Merritt, Nelles Blvd.

Mrs. David Hunter, Ottawa, spent a few days this week with Mrs. Thomas Walker, Elm street.

Misses Ruth and Joyce Shelton spent New Year's Day at the home of Mr. and Mrs. H. Wilson, Burlington.

Mr. and Mrs. A. H. Hermiston returned on Tuesday from a very pleasant Yuletide vacation with their son Ross, in Ottawa.

Miss Marjorie Farewell and Mr. Geo. Bevan, of Hamilton, were recent visitors at the home of Mr. and Mrs. E. Farewell, Robinson Street.

Mr. and Mrs. Robert Cosby, Mr. Jack Taylor and Mrs. Robert Neale and family spent New Year's Day at the home of Mr. and Mrs. G. Lawson, St. Catharines.

Mrs. McAlonen, Robinson south, and her two sons, have returned from a trip to Western Canada where they have been visiting relatives for the past six weeks.

Ozzie Merritt returned to London, where he is attending Western University, on Wednesday, after spending the holiday season with his mother, Mrs. John Merritt.

Tpr. Jack Tufford, now stationed at Sherbrooke, Que., left on Sunday night to rejoin his unit after spending his New Year's leave with his wife and daughter, 81 Paton street.

Mrs. Andrew Stevenson and Isabel spent the New Year holidays with the former's sister, Mrs. A. Lawrie of Toronto, and Miss Margaret Stevenson attended the New Year Dance at Casa Loma, Toronto.

Monday's storm necessitated postponement of the I.O.D.E. business meeting. The regent, Mrs. L. A. Bromley, announced that it would not be held until January 26, at which the nominations for next year's officers will take place.

Trinity United Church

W. J. WATT, B.A., B.D., Minister.

SUNDAY, JANUARY 10
11 a.m.—The Moral Law as contained in the Ten Commandments.

7 p.m.—Bunyan's Pilgrim Progress, (Talk I).
Sunday School at 2:30, Trinity Hall

Miss Fern Smith spent the holiday weekend at the home of Mrs. T. H. Buttle, Hamilton.

Mr. Charles McCari, Collingwood spent the weekend with Mr. and Mrs. Wm. J. Copeland, Elizabeth Street.

Mr. and Mrs. Jack Dempsey, Hamilton, were New Year's guests of Mr. and Mrs. Geo. Kanmacher, Elizabeth street.

Mr. and Mrs. W. N. Messmore, Dunnville, spent the holiday weekend with Mr. and Mrs. N. L. Morningstar, Robinson south.

Corp. Norman Warner, who has been at Long Branch taking a course for the past seven weeks, left on Sunday night to rejoin his unit.

Mrs. R. Shannon has returned from Hamilton General Hospital where she was a patient for some time and is now staying at Mrs. E. Kemp's Nursing Home.

The marriage took place on Tuesday, January 5th, of Olive Rosetta Merritt, daughter of William and Mrs. Merritt, Maple ave., to Newton Clarke, of Jordan.

Sergt. Robert Gibson, son of Mrs. W. F. Gibson, Robinson street south, arrived in England on December 19th, his mother received word to that effect on Monday.

Congratulations are the order of the day to A. F. and Mrs. Hawke who on Monday, January 4th, celebrated the 50th anniversary of their wedding.

Mrs. J. Walker, Miss Shirley Walker, Mrs. G. Fairfield, and Mr. and Mrs. Carl Love, of Hamilton, spent New Year's Day at the home of Mrs. C. J. Love, Depot Street.

L.A.C. Wm. A. Gledhill, R.C.A.F. arrived safely in England a few days ago according to a message received by his parents, Mr. and Mrs. George Gledhill on Monday.

Robert J. McClelland, son of Mr. J. McClelland of Grimsby Beach, has begun a course of study in aviation mechanics at Amarillo Army Air Field, Amarillo, Texas.

Lieut. J. Innes and Mrs. Innes, of Montreal, and Mr. and Mrs. B. Pratt and Ronnie, of Toronto, were visitors at the home of Mr. and Mrs. R. Case, Adelaide street, over the New Year's holiday.

In Memoriam

GODDEN — In loving memory of a dear son and brother, Edward Godden, who passed away January 7th, 1929.

His weary hours and days of pain His troubled nights are past And in our aching hearts we know He has found sweet rest at last. Always remembered by mother, sisters and brothers.

Trio Of Patriots

"Three of a Kind" . . . and more to come! Here are three of the attractive Culligan sisters of Kitchener, Ontario, who were heard in a recent edition of "Comrades in Arms", over the CBC National Network (every Friday at 10.15 p.m. EDT.) Left to right are: Airwoman Carol Culligan, Airwoman Pearl Culligan, and Airwoman Olive Culligan. A fourth gallant young Culligan, Airwoman Ruby, was unable to attend the broadcast. But that's not all! There is a fifth Culligan, a charming miss who plans to join her elder sisters in the R.C.A.F. next July.

Fred Case has been a visitor in Toronto for the past few days.

Miss Helen Archer, Hamilton, spent the New Year's weekend at her home at Grimsby Beach.

Mr. and Mrs. Leslie Hill, Hamilton, were holiday visitors with Mr. and Mrs. Malcolm Reid, Main west.

Mr. Beckstead of Hamilton was a weekend visitor with Charles W. and Mrs. Durham, Grimsby Beach.

Mrs. Norman Godden of Detroit, Mich., is visiting with her sister Mrs. Clarence McNinch, Elizabeth street.

Mr. and Mrs. Wm. Post and son, Graham, Hamilton, spent New Year's weekend with Mr. and Mrs. E. Farewell, Robinson street.

Obituary

CECIL CLIFFORD PETTIT

A descendant of United Empire Loyalists, Cecil Clifford Pettit died Thursday morning at the age of 72 years on the Fruitland farm granted to his ancestors by the crown in 1803.

Mr. Pettit, one of the best known fruit growers in the district before his retirement, belonged to the Associated Gospel churches.

Left to mourn are his widow, the former Nina Smith; a daughter, Mrs. Ernest Norman, of Oshawa; three grandsons; two brothers, Frank, of Tacoma, Wash., and Rev. M. S. Pettit, Columbus, Ohio, and a sister, Mrs. Henry Zimmerman, of Fruitland. The funeral was held on Saturday afternoon at 3 o'clock from his home to Fruitland cemetery.

WILLIAM HUSTON

William Huston, retired gardener, died at his home, Mansion apartments, in Grimsby, Monday night, following a lingering illness.

Born in Ireland, he came to Canada 20 years ago and resided in Hamilton prior to coming to Grimsby. He was an Orangeman and adherent of the Presbyterian church.

Surviving are his wife; two sons, Alex, of Hamilton, and William, of Toronto; and three daughters, Marjorie, at home; Mrs. George Hornsby and Mrs. Russell Woodley, both of Hamilton. The funeral took place on Wednesday afternoon from the Stonehouse funeral home, with interment in Queen's Lawn cemetery. Rev. G. Taylor-Munro, officiating.

Casket bearers were Alfred LePage, Bert Smith, David Alton, Samuel Stuart, Clarence McNinch and Harold B. Metcalfe.

Lincoln Hospitals Are Approved

The Niagara Peninsula Sanatorium, the St. Catharines General Hospital, the Niagara Falls General Hospital, and the Welland County General Hospital are included in a list of hospitals approved by the American College of Surgeons. The 25th annual list announced at the recent annual meeting of the Board of Regents in Chicago includes 2,989 institutions.

The latter three hospitals have provisional approval. They have accepted and are endeavoring to meet the requirements but for acceptable reasons have not been able to do so in every detail, or were not at the time of survey complying sufficiently to merit full approval.

Capacity of the four hospitals is listed as Sanatorium, 88; St. Catharines General, 190; Niagara Falls, 155; Welland, 80.

Rebekah Lodge

A delightful Christmas party was held after the regular meeting of Alexina Rebekah Lodge, December 22. Mrs. Robert Hillier convened the entertainment. Lucky prize winners were Mrs. G. Crittenden and Mrs. Alice Le Page.

A tea cloth donated by Mrs. E. Le Page was drawn for and was won by Mrs. Tom Warner.

An open card party will be held after the next lodge meeting, Tuesday, January 12th.

Sunday School By Post

Miss Eva Hasell, C.B.E., founder of the Sunday School Van work is in Grimsby with her friend and colleague, Miss Iris Sayle. A public meeting will be held in St. Andrew's Parish Hall on Thursday, 7th of January, at 4 p.m., when Miss Hasell will give an address, illustrated by slides, on her work last summer through the mining districts of north-western Ontario.

All interested in this important work among the isolated children of Canada are welcome.

The Navy League Shipwrecked Sailors

Headquarters are making a strong appeal for gifts of used clothing in good condition for the above. Suits, overcoats, hats, caps, socks, boots and shoes are urgently needed. (No underwear). All these are wanted for survivors' bundles in which are placed new underwear. The government have requested the Navy League to provide at once 7,000 such bundles for distribution to the various ports. Please deliver clothing etc. to the White Elephant Shop, Grimsby.

Red Cross Annual Meeting

The Annual Meeting of Grimsby and District Branch of the Canadian Red Cross will be held in Trinity Hall, on Wednesday, January 13th, at 8 o'clock. All local organizations have been asked to contribute entertainment and items of interest to the program, and so far three have offered their services. These are I.O.D.E., Lions Club and Grimsby High School.

Reports on the year's work will be presented and the election of officers will take place.

The Executive of the Consolidated War Services urges the support of every organization and the attendance of every loyal citizen at this meeting.

Coming Events

The Sew-We-Knit Red Cross Group is meeting next Friday, Jan. 8th, at the home of Mrs. A. Cramer, 10 Adelaide St.

Trinity Service Club will hold its regular meeting in Trinity Hall on Tuesday, Jan. 12th at 2.45 p.m. A Surprise Program is in store for the members. A full attendance is urged.

Grimsby Women's Institute will meet at the home of Mrs. A. Caton, Robinson street, on Tuesday, after-noon, the 19th. The subject for discussion is Home Economics, and the roll call is A Household Discovery. Conveners of Standing Committees are asked to have their reports ready.

Navy League At The Beach

Grimsby branch of the Navy League of Canada has organized an active committee at Grimsby Beach, in connection with which Mrs. Nelles Ashton and Mrs. B. H. Scott are arranging a series of navy teas and bridges in aid of the local funds to purchase wool, etc. The Misses Cline are looking after distribution of ditty bags and the collection of books and magazines for sailors of the merchant marine.

Beaver Club

The regular business meeting of the Beaver Club was held in St. John's Presbyterian Church on Monday, January 4th. There was a good attendance of members despite the inclemency of the weather.

Mrs. Charles Coxall, the retiring President, thanked the members for their co-operation during the past year.

The meeting was then turned over to the officers for the coming year who are as follows:

Honorary President, Mrs. Beattie Moore; President, Mrs. Geo. Dousette; Vice President, Mrs. Richard Shafer; Secretary, Mrs. Wilfred Lawson; Treasurer, Mrs. Gerald Carson; Pianist, Miss May Crittenden.

Many items of business were dealt with and the meeting closed with a hymn followed by prayer. The hostesses for the afternoon were Mrs. D. E. Anderson and Mrs. H. L. Lindensmith.

PREPARED FOR WINTER

We've gathered in the 'tates, boys, The apples, and the corn, The barns are full of fodder, boys 'Gainst the coming of the storm.

'Gainst the coming of the storm, boys, And I know it will be soon, For there's an ache in my old bones, boys, That tells me what is doin'.

It tells me what is doin', boys, But just stir up the fire, We've fuel for many storms, boys, Or I'm an awful liar.

Or I'm an awful liar, boys, But there is naught to fear, A bounteous crop we've reaped, boys, For the winter drawing near.

For the winter drawing near, boys, We'll find we've plenty cheer, While the cold north-wester blows, boys, We will find comfort here.

We will find comfort here, boys, Nor care how winds do blow, We'll draw closer to the fire, boys, When the ground is white with snow.

—Andrew S. Bain, Grimsby.

Calendar Dates

The year 5704 of the Jewish era begins at Sunset on September 29th, 1943, Gregorian Calendar.

The year 1362 of the Moham-medan era or era of the Hegira, begins at Sunset, January 7th, 1943, Gregorian Calendar.

The eighth year of the reign of King George VI begins December 12th, 1943.

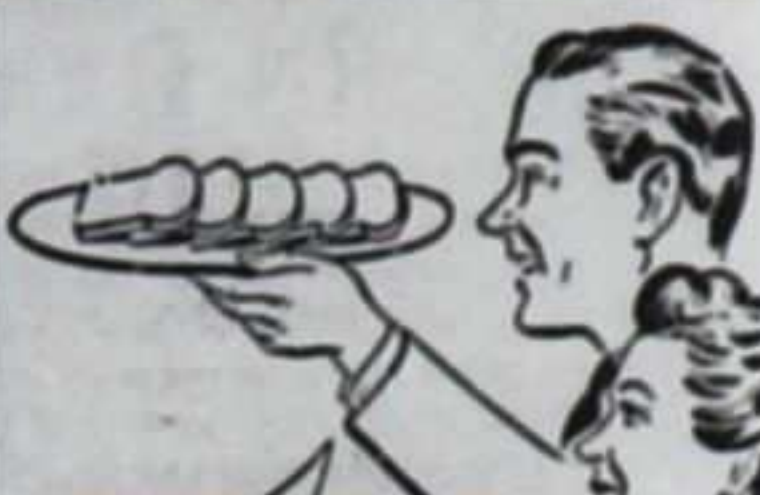

The 77th year of the Confederation of the Dominion of Canada begins July 1st, 1943.

The 168th year of the Independence of the United States begins July 4th, 1943.

January 14th, 1943, Gregorian Calendar, corresponds to January 1st, 1943, Julian Calendar.

A rugged individualist is the man who uses the long blade of his pocket knife as a tooth pick.

There is nothing like being among friends and acquaintances as a man then doesn't try to suppress a sneeze.

1 1/2 cups flour; 4 tsp. Magic Baking Powder; 1/2 tsp. salt; 3 tsp. shortening; 1 cup rice potato; 1/2 cup milk (more or less) sufficient to make soft dough.

Sift together flour, baking powder and salt. Cut in shortening and lightly mix in cooled rice potato. Add cold liquid. Turn out on floured board; lightly roll or pat out, and cut out. Bake on greased pan. Oven 400° F.

Canadian Red Cross will start a drive for Ten Million Dollars on March First.

Customs and Excise receipts at the Port of St. Catharines for 1942 were the highest on record totalling \$4,834,099.33.

Town council will meet at 11 o'clock next Monday morning and will adjourn to meet on Wednesday night at eight o'clock.

H. B. "Short" Metcalfe is moving this week, his electrical supplies shop and office to the Niagara Packers building at the G.T.R. station.

Canadian Legion meets on Wednesday night next when the newly elected officers for 1943 will be inducted; financial statement will be presented and other important business dealt with.

Sergt. Strachan and Mrs. McCaskill have disposed of their home at the junction of Main and Gibson Avenue to Mr. and Mrs. Wright of Hamilton. Mrs. Wright was the former Eleanor Pettit.

Hydro Electric officials will be in Grimsby some time after the 15th of the month to meet the new Hydro Commission and assist them in getting the new board in operation.

Road Supt. Thos. Mackie of North Grimsby township had a strenuous three days the first part of this week but by Wednesday noon he was able to report to Reeve Durham that every road in the township was open for travel.

Winners of War Stamps last week were J. McQuay (Hysert Greenhouses); Mrs. Alice Henry (S. W. Elckmeier and Son); John Halinski (Brock Snyder Co.) and A. J. Chivers (The Metal Craft Co.).

A census of the ducks hibernating along the Niagara River has revealed that the number is the largest in many years. The Western New York and Niagara Ornithological Society went out on Tuesday and counted 13,520 ducks along the river and on Grand and Navy Islands.

There are a lot of farmers in the district who believe that in order to obtain a permit to kill a hog for their own use that they should apply to the local rationing board for permission. This is an incorrect idea. The local board cannot issue permits for the slaughtering of pigs. This permit must be obtained from the War Time Prices and Trade Board office in Hamilton.

The connecting link between the Queen Elizabeth Way, No. 8 Highway and No. 20 Highway, Mountain street, was ploughed by the County snowplough on Monday, as was the road into Queen's Lawn cemetery. County officials have agreed to sand Mountain street from Main street to the bottom of the mountain for the balance of the winter.

PRESENTATION

At the opening meeting for 1943 of the Ladies' Aid of the local Baptist Church, the installation of officers took place marking a memorable event when Mrs. T. Briggs, after a lengthy record of 17 years as secretary-treasurer, was presented upon her retirement with a beautiful hymn book by two of the oldest members, Mrs. Barnum and Mrs. A. Norton. Mrs. Norton spoke very feelingly of the faithful services rendered by Mrs. Briggs and Mrs. Barnum made the presentation. Mrs. W. Liles was installed as the new secretary-treasurer.

Would Stop Use Of Red Leno Covers

Norfolk Peach Growers Pass Resolution Asking That Councils Have Authority to Make Ruling.

Consumers will get only the finest quality peaches, put up and marked with the proper grade, and ungilded with red netting, which so often masks inferior quality, if the Norfolk Peach Growers have their way.

At the annual meeting on Saturday afternoon a resolution was passed which will be forwarded to the Ontario Fruit Growers' Association, requesting that municipal councils throughout the country be given the necessary authority over retail stores to enforce them, if it is deemed necessary, to remove all disguising covers so that all fruit may be sold according to true and actual quality.

A. Grant Fox, president of the association, pointed out that he had complaints from a number of city councils that they had no jurisdiction over the sale of fruit in retail stores. He also quoted from the Winnipeg Tribune, which deplored the quality of peaches sent to Manitoba from Ontario.

Mr. Fox was of the opinion that a good market at profitable prices awaited the Ontario peach grower if he will only pack the proper grade of fruit, unadorned by the red covering. Covering peaches had made the housewife a "peach pincher," due to the fact that she could not see the quality and therefore pinched the baskets until she found a soft one, a practice which damaged much fruit.

Don't put all of your eggs in one basket. At such a price they are bringing, to break many eggs is to drop a fortune.

A scientist says there are crops on the moon. Well, at last that is one crop you don't have to worry about gathering.

Want More Hogs Raised In County

A Sow Can Produce A Ton of Pork in 10 Months — One Extra Pig Per Farm Will do The Trick.

Canadian farmers have done well in their effort to produce all the Bacon and Pork Products required in the past three years for domestic and overseas consumption. But more will be required in 1943.

Ontario has assumed the responsibility of increasing hog production by 20% as our share of the additional 1 1/2 million hogs required to meet all requirements in the coming years.

The Ontario increased hog production programme is under the direction of W. P. Watson, Ontario Livestock Branch, and he states that the increase in Ontario amounts to approximately one extra sow per farm where pigs are now being kept.

He believes that this increase can be obtained and the following four points are being featured:

1.—There is an abundance of grain on most farms and grain can be purchased at reasonable prices.
2.—By the use of inexpensive labour-saving devices in hog feeding, the progeny from an extra sow can be raised with very little additional manual labour.

3.—Mortality in young pig normally runs from 20% to 35% and can be reduced materially by a little greater care of the sow before and after farrowing. Lack of exercise in the sow can be responsible for many weak litters. If one more pig per litter is raised, our production from this source alone would increase 12 1/2%.

4.—Greater care in preparing rations can materially add to the profits of hog raising. Pigs fed on grain alone will take at least 6 lbs. grain per pound of gain. Pigs fed on a mixture balanced by the addition of some protein supplement can be fed on 4 lbs. of mixture per pound gain.

A sow bred today can produce a ton of pork in ten months. We can increase meat production through hogs much faster than through cattle or sheep but even at that, sows must be bred at once if the pigs are to be marketed in 1943.

One extra pig on the average on every farm in Lincoln County will turn the trick.

Editor Knew All The Answers

Uncle Sam asked and Editor Carl Broome of the Brantley Enterprise, (Georgia) a weekly newspaper, answered—in detail.

Filling out an occupational questionnaire for selective service he gave his duties as:

"I write news, editorial, advertisements, keep books, pay bills, read proofs, clean type, set headlines, set advertisements, set news and editorials, pay bills, set jobs, feed press, cut paper, wrap bundles, solicit advertisements, solicit subscriptions, pay bills, repair presses and linotype (jackleg repairing), splice belts, saw metal cuts, pay bills, chisel cuts, make up newspaper, order supplies, tell people where the local draft board is, tell others where the town's lawyers might be, tell still others that silly rumour they were excited about was only a silly rumour, pay bills, wash forms, distribute type, solicit job printing, pacify irate subscribers whose paper failed to arrive, pay bills, edit bungled copy, collect bills, pay bills, sort mail, scan the exchanges and maybe clip an item. "Then in my spare time I hunt and fish and play checkers."

Government regulations and conservation campaigns during 1942 changed the living habits of many Canadians. Above a rubber salvage worker is shown with a collection of old rubber boots picked up in the national drive for scrap rubber. Along with rubber, metals, fats and bones are high on the essential salvage list. Sugar rationing which was brought into effect in 1942 along with tea, coffee, butter and gasoline meant a change of recipes for many housewives. Picture above, upper left, is a home economics worker in the Dominion Department of Agriculture's experimental kitchen, proving that good cookies can be made within the sugar ration.

In Ontario and Quebec, electrical power conservation is urged. Above, centre, a young housewife, cleans the one lamp she is now using in place of two. Fuel saving is necessary in all parts of Canada and money saved by that means can go into war savings. Above at right a young munitions worker chooses a good diet, including milk, for her noon-day meal and spurns her old choice of a chocolate bar and a soft drink which alone are not nourishing enough to keep up her efficiency. Nutrition Services in Ottawa opens 1943 with a nation-wide nutrition campaign to build up the strength of the home front through improved health. Voluntary workers are being asked to give their support to this campaign along with others which include giving summer help to overworked farmers, supplying homes for war workers, checking on prices for the Wartime Prices and Trade Board, following A.R.P. regulations and providing entertainment and comforts for the armed forces.

SPORTOLOGY

By Bones Livingston, Sportologist

A SPORTING TROPHY THAT BACKS THE WAR EFFORT

In the past 35 or 40 years there have been a lot of silver cups and plaques donated for various sporting competitions, in Grimsby and the district, but it remained for Gledhill and Ingelhart, proprietors of the Grimsby Garage, to come through with the fastest and finest trophy of them all.

George Gledhill, the Shrimp of the firm and his newly elected Aldermanic partner, Howard Ingelhart, are red hot trundlers on anybody's bowling alley. They decided that with the opening of Grimsby's new bowling alleys there had to be something done about getting a trophy for the Grimsby Bowling League. Which league has been going on for four years playing for a tin cup.

George and Howard found out by a little investigation with Buckingham, our local jeweller, that trophies were just not to be had.

They sat down and talked it over. George scratched Howard's head and Howard scratched George's head and they came to the surface with one of the finest ideas yet bred in the district.

Grimsby Bowling League has a swell trophy. It is a \$50 government bond donated by Gledhill and Ingelhart of the Grimsby Garage, which will be placed in trust. A wooden plaque will be placed in Kammacher's pin felling establishment, that each season will carry a little plate showing the winning team. When the war is over the bond with accumulated interest will be sold and a trophy to the value of that money will be purchased.

The government gets the use of the 50 bucks in the meantime and the winning clubs get the credit for their winning season. Nice arrangement for all concerned.

NUTS

Despite the fact that there was a short crop of nuts in Ontario last year and that the War Times Prices and Trade Board have prohibited their sale and the U-boats have stopped their importation. There are still two left in the province. They live down in Trenton, that nobody would have ever known was on the map had the R. C. A. F. not established there. Rome "Walnut" Taylor, ex-owner of The Independent and Leslie "Chestnut" Farrell, are the backers of a Junior "B" team in the O.H.A. Just call them "Wal" and "Ches".

HERE'S ANOTHER NUT

Been in sporting life since the day he was able to toddle. Trained hockey teams. Managed ball teams and made more retirements from the calcium than Sarah Bernhardt. Yet, he is back in the spotlight again. He has taken up bowling. Tried it out in Beamsville one night last week and bowled the magnificent score of 131 for three games. Says he is going to stick with it. Smoke, some day Old St. Peter is going to come down here and take you out by the ears.

OLD TOM SAYS—

"It's not the same, Bones". What's not the same? sez I. "The old Arena", sez Tom. When was you there? sez I. "Last night" (Monday), sez Tom. Well, sez I, how did you expect any different after you left to fight the battles of the country? "It wasn't my leaving that changed thing up there," sez Tom. Who was it? sez I. "Hitler", sez Tom. "He started this thing and my Rink Rats and all the good kids and good guys had to get into uniform to go and stop him. We had to get out into a bigger game than hockey in order that in future years the old Arena will be still there." Do you think you'll ever be back, Tom? sez I. "Sure I will. Just as soon as this thing is over I'll be right back with Earl and the boys. Meantime look at that little sparrow from Chirperton 'opping across the street," Kayo, sez I. And Old Tom went merrily on his way.

THERE'S BLOOD ON THE MOON—

Look out, folks! Put your armour on. Get your gas masks out. Cyrus Hannibal Rushton is really on the war path. He has finally got a hockey league lined up. Grimsby, Beamsville, Winona, Smithville. Just a tough league. The schedule appears in another column of this paper. I cannot tell you much about it because I don't know much about it. The first game is next Monday night. From then on I'll tell you plenty about it. Bide your time

Ladies' Bowling Schedule

SCHEDULE—JAN. 8 to 22

Friday, January 8th—

Vedettes vs. Vallants.

Victory vs. Vimy.

Friday, January 15th—

Vallants vs. Vedettes.

Vimy vs. Victory.

Friday, January 22nd—

Vedette vs. Victory.

Vallants vs. Vimy.

Teams Wanted

The following teams and bowlers now compose the league:

VEDETTES

*Doris McBride.
Bernice Southward.
Evelyn Murdoch.
Joyce Shelton.
Mary Neale.

VICTORY

*Corinne Robertson.
Olive Merritt.
Hyla Hawes.
Zena Snyder.
Dorothy Cosby.

HELP! HELP!

There are ladies in the district in trouble. The newly formed Peach Queen's League of lady bowlers needs more teams. Any lady in the district who would like to bowl can call Helen Cloughley, in the day time at 252w or Mary Irvine, in the evening, at 263w. If you are a single individual they will see that you get on a winning team. If you have a team of your own they will be pleased to accept your entry as a team. Complete winter schedule will start on January 29.

VIMY

*Helen Cloughley.
Phyllis Dunham.
Margaret Metcalfe.
Margaret McCartney.
Gladys Frazier.

VALIANT

*Mary Irvine.
Kae Tufford.
Marion Scott.
Barbara Murdoch.
Margaret DeMille.

Any team entering the league must bear the name of a peach grown in this district. —Captain of team.

Hockey Schedule

Monday, January 11th—

8:00—Winona vs. Smithville.

9:00—Grimsby vs. Beamsville.

Monday, January 18th—

8:00—Smithville vs. Grimsby.

9:00—Beamsville vs. Winona.

Monday, January 25th—

8:00—Winona vs. Grimsby.

9:00—Smithville vs. Beamsville.

Monday, February 1st—

8:00—Beamsville vs. Grimsby.

9:00—Smithville vs. Winona.

Monday, February 8th—

8:00—Beamsville vs. Smithville.

9:00—Grimsby vs. Winona.

Monday, February 15th—

8:00—Grimsby vs. Smithville.

9:00—Winona vs. Beamsville.

Playoffs:—First team has a bye. Second and third teams play two games, goals to count. Winner to play first team, two games, goals to count, for championship.

Games Next Week

Monday, January 11th—

7:30—Owl's Club vs. Metal Craft

7:30—Gas House vs. Generals.

9:00—Highway vs. Pony Express

9:00—Butchers vs. Barbers

Tuesday, January 12th—

7:30—Black Cats vs. St. Andrews

7:30—P. Kings vs. Sheet Metal

9:00—Nia. Packers vs. West End

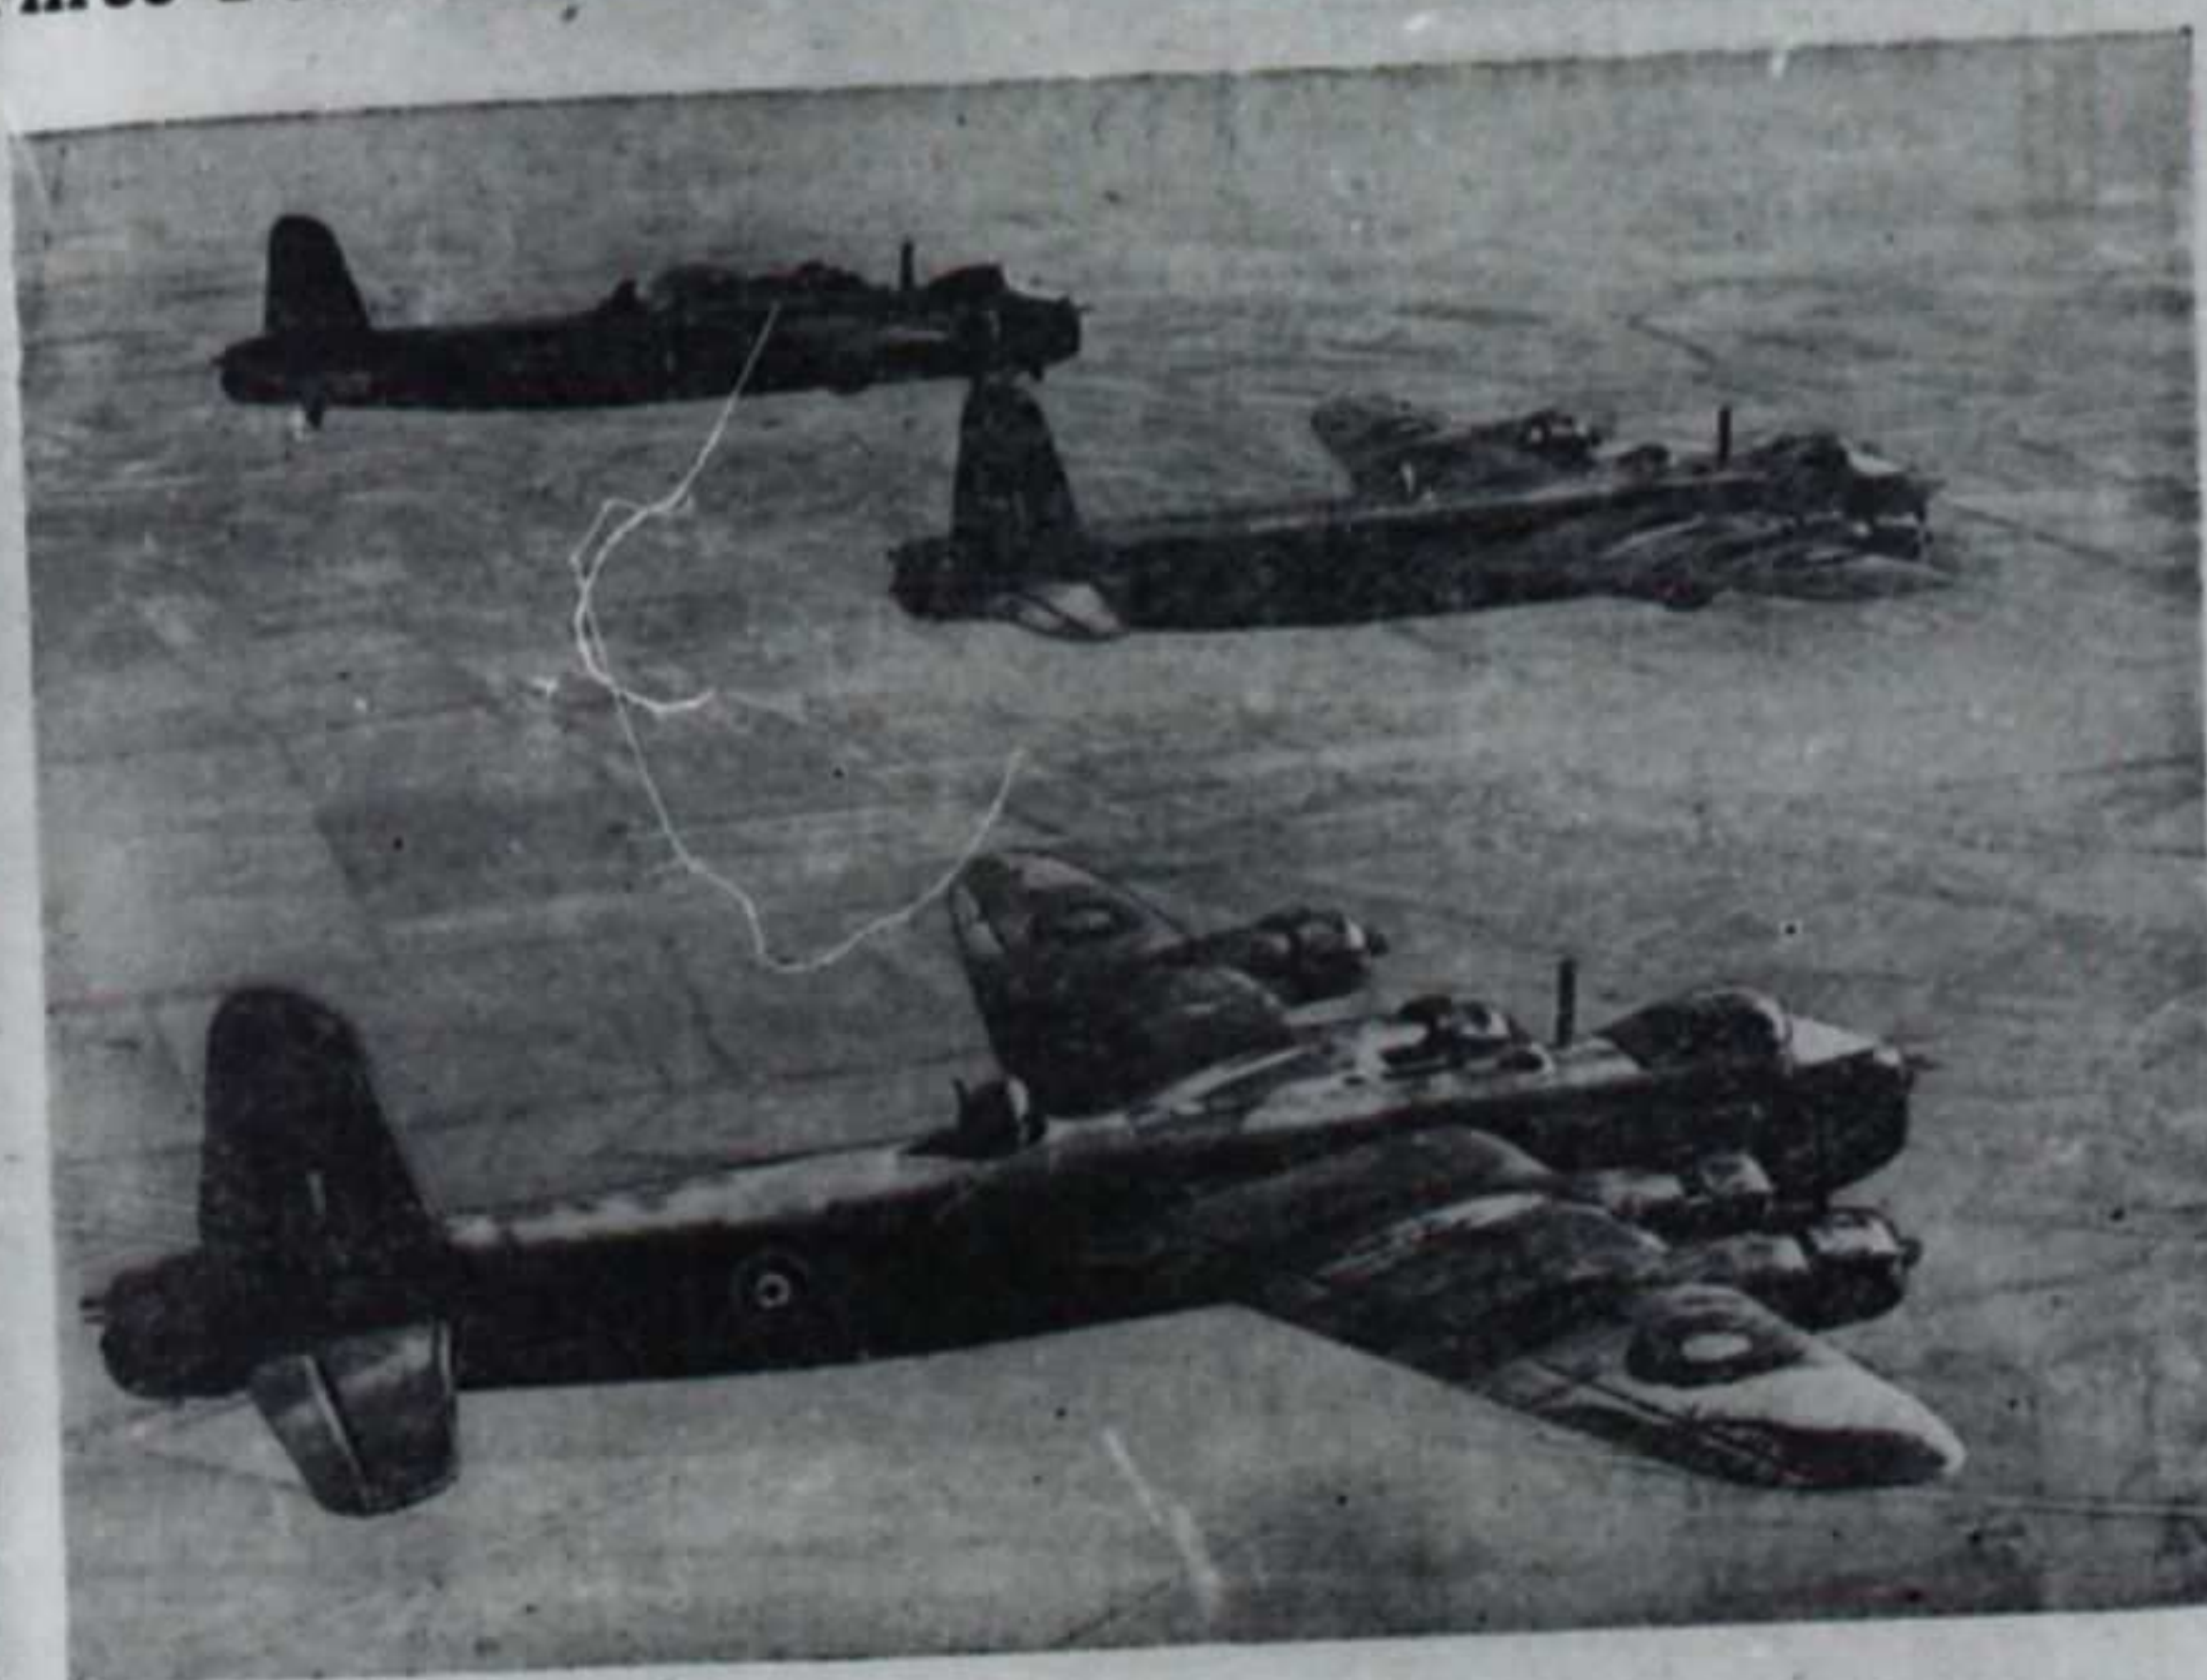

9:00—St. Joseph's vs. Boulevard

Maps mounted on thin steel backing, and provided with magnetic markers in various sizes, shapes and colors, are proving valuable because the markers stick tightly and their position can be changed without leaving marks on the maps.

The railways are operating specially chartered trains in many parts of Canada carrying munitions workers to and from their homes and the plants in which they are employed. A new type of car which seats 122 passengers was designed by mechanical engineers of the Canadian National Railways for this service.

Three-Year-Old Trained Plan Hailed As Brilliant Success

December 16, 1939, Australia, New Zealand and Canada signed the agreement which launched the Commonwealth's answer to the Luftwaffe's threat. Now entering its fourth year the vast British Commonwealth Air Training Plan is pouring out the trained men who are gaining mastery of the air. Men trained in Canada, most of them Canadians, form the crews of Britain's biggest bombers like the Stirlings above. The terrific lambasting of Nazi industrial centres tells the best story of the training plan's success. Its graduates are serving on every front, in Britain, the Middle East, the Far East, Australia and Alaska.

That is all a newspaper has to sell is SPACE. It must sell that in order to live. In order to continue to help build and develop the community in which it is established.

A good newspaper is always willing to give away space for good causes, but it cannot afford to give away all its space, otherwise how could it live.

The vacant space in any paper should be filled with advertising and the merchant who takes advantage of that fact is the merchant who will have no vacant spaces in his bank book.

Thursday, January 7th, 1943.

THE GRIMSBY INDEPENDENT

Ontario Hospital Plays Dual Role

Abandoned Baby Finds New Home NO CLUE TO PARENTS

It sometimes happens that very young babies, who have been abandoned by their parents, find their way to the Hospital for Sick Children, Toronto. There they are given a thorough medical check-up before being transferred to the organized agencies responsible for the care of such children.

Not long ago a 3-week-old baby girl was found late in the evening, crying on the doorstep of a private dwelling. The infant was wrapped in warm clothes and appeared to have had the best of attention. There was no clue as to the parents.

Police were called, and the baby was taken to the Hospital for Sick Children, where she was given a warm welcome by the night staff. "Welcome little sister," said the nurse who took the infant from the coat and two blankets in which it was wrapped. "Kick around and enjoy yourself," the nurse continued, as the little one laughed at her in glee as if she knew she had found a new home.

Who knows what tragic story lies behind this incident. But perhaps it brought some grain of comfort to the mother's heart to know that her little brown-eyed baby was in such capable hands.

How wonderful it would be if every case ended as happily as this one! But all too often there is a somber side to the story.

For well over half a century the Hospital for Sick Children has been a sanctuary for the sick and crippled children from every part of Ontario. Accident cases, children with deformed backs and limbs, defective eyesight, rare diseases and physical disabilities: all are cared for and nursed back to health, regardless of race, creed or the ability of parents to pay the cost of hospitalization.

Some idea of the immense value and wide scope of this magnificent work may be formed by considering the fact that during the past year alone over 9,500 sick and crippled children were given treatment in the Public Wards. The Out-Patient Department handled well over 65,000 visits.

Less than five per cent. of the little patients are in the Private Wards, and these are the only ones able to pay the full cost of their care. This means that 414 of the 432 beds in the Hospital are in Public Wards where the cost per patient

is approximately \$1.50 per day more than the combined income from the patients (or their municipalities) plus the government grant.

This is one reason why the Hospital, as a deficit every year despite the fact that operating costs are amongst the lowest in North America for institutions of a similar type, and the services and medical assistance are recognized by the hospital world as outstanding in efficiency.

MANY PROBLEM CASES

In the Public Wards of the Hospital for Sick Children over eighty doctors, many of them leading child specialists, give their services without charge. Fourteen days is the average each public ward patient is treated. But a large number are inmates for weeks—some for months—a few for years because they are problem cases of the most difficult kind.

At all times the Hospital must be ready to meet any emergency. Immediate medical attention is imperative, not only for accident cases, but children with deformed backs and limbs—defective eyesight—rare diseases and physical disabilities must have prompt help also. If it is not forthcoming, permanent disfigurement, deformity or chronic disease is all too often the result.

This worthy institution which accepts its little patients regardless of race, creed or financial circumstances has just started its annual Christmas appeal for funds to meet an unavoidable deficit, and to enable its work to be continued in just as effective a manner as in the past.

This year \$128,000 must be raised. Government grants have not risen with the tremendously increased costs of the past three years of war. Despite an expense ratio among the lowest in North America for children's hospitals, the difference between our Public Ward rate as authorized by law and their actual outlay, has gone up from \$1.25 to considerably more than \$1.50 per patient day.

No help is received from the Toronto Federation for Community Service because of the fact that patients are admitted to the Hospital from every part of the Province. There is dire necessity behind this appeal for help. Little children depend on it for their chance for health. Your gift should be mailed to the Appeal Secretary, The Hospital for Sick Children, 67 College Street, Toronto.

A chance for health and happiness is the greatest possible gift to little children.

When plans for a power dam are drawn up, detailed descriptions of the geology of the proposed site, with data on the character and structure of the rock formations, must be tabulated.

Engineering classes at 2 o'clock in the morning are a recent addition to the program of one university, for the benefit of night-shift workers.

The engine of one airplane type is composed of 3,500 different parts, totalling 8,500 individual pieces.

A German substitute for leather is being made from paper fleece, impregnated and covered with latex or synthetic resin.

One cord of oak, hickory, hard maple, or yellow birch fuelwood is equal in heating value to a ton of anthracite coal.

Cobalt has been reported by one experimenter as essential for the

forming of hemoglobin in sheep and cattle.

Jojoba, new vegetable oil, has remarkable stability under heat, freedom from color and odor and a limpid character.

Before the war America had half the world's rubber, one-third of its paved highways, and 78 per cent. of its motor vehicles.

Research shows that an average half-pound of wool can be added to the fleece of sheep if supplemental feed, given in small quantities over a period of months, is added to natural winter range and pasture diet.

A small town is the place where a woman usually knows how many pieces of furniture the new neighbours moved into the home from the moving van.

Nowadays it is hard to keep a cook long enough to be able to ask "What's cooking?"

BACON AND PORK Part Of Our War Effort

8,000,000 Canadian hogs yielding 1,018,302,000 lbs. pork will be required to provide our armed forces, ships stores, overseas contracts and domestic consumption in 1943.

To do this Ontario must increase hog production 20% as her share.

This means one extra sow per farm where pigs are now being kept.

Sows must be bred at once if the pigs are to be marketed in 1943.

Lincoln County farmers should increase production by one pig per farm on the average.

Breed a sow to-day and market a ton of pork within ten months.

A new bulletin on labour-saving devices in hog feeding, and how to get greater returns by using balanced rations will be available by the middle of January at the Agricultural Office, St. Catharines.

HON. P. M. DEWAN,
Minister of Agriculture.

E. F. NEFF,
Agricultural Representative.

NEW GRIMSBY

the pits where the balls land after somebody has made a strike—or tried to. That is where the pin boys work.

The walls and ceiling have been covered with 5,000 feet of Ten-Test sound proof board. Lighting arrangements have all been changed to meet the requirements of the new alleys.

All in all, Grimsby has every reason to be proud of its new Bowl-away.

That bowling has taken a hold in Grimsby is attested by the fact that the Grimsby Bowling League opened the new alleys with 16 teams, six men to a team.

This league all grew out of the fact that Bill Ryan, Mac Allan, Carl Love and some of the boys in the two banks, five years ago last Fall, got tired of loafing around with nothing to do and no place to go. None of the boys remember who made the suggestion but they eventually landed in Harry Robinson's bowling alleys in Beamsville.

The seed was planted. The tree started to grow. It blossomed. Now it has borne fruit. The new Grimsby Bowl-away is in operation.

Onions Grown For Seed At Vineland

(By Andrew Fulton, in Canadian Horticulture)

One drizzly, wet day in October, I called at the Horticultural Experiment Station, Vineland Station, and discovered E. F. Palmer, director, and several members of his staff busy planting onion bulbs.

I was naturally curious to know the reason for planting onions in the fall in this part of Canada and particularly why the staff were doing the work on a wet day.

It was not long before Mr. Palmer straightened up and, in his own inimitable way, remarked, "If you must know, the staff are only meeting the shortage of labor in doing an urgent bit of war work." It was explained that the Station is fulfilling a vital need in the war effort in growing onion seed for Great Britain.

This year they have grown two acres of Yellow Globe Danvers which should supply sufficient bulbs to plant from 10 to 12 acres for seed crop next year, and for British requirements in 1944.

I understand a similar acreage of onions is being grown for seed by the Horticultural Department of the Ontario Agricultural College, Guelph. Of course, the production at Vineland and Guelph is only a small part of the onion seed that will be required by Great Britain.

In course of conversation, it was pointed out by Mr. Palmer that for seed purposes onions are usually harvested, dried, stored and planted the next spring, but owing to weather conditions the past season, a high percentage of "thick necks" were harvested and as they will not keep in storage it was necessary to grade them out and plant this fall in order to endeavor to save them.

Provided the weather is not too severe, it is felt that the bulbs should come through the winter satisfactorily. This explained the urgency of the staff working in the rain.

There is no doubt that the Experiment Station is, and can, fulfill a useful war need without interfering with commercial interests in growing seed of specialty crops such as onions, parsnips and cucumbers.

I understand, in addition to the Vineland effort with these crops, Macdonald College is producing cauliflower seed with considerable success, and it is not an easy crop to grow in this country. According to the genial director, it is up to everyone to do his part these days and the Experiment Station can play its part by directing its efforts with labor, land and facilities to the war need instead of devoting all its time to research.

Tank destroyers, motorized vehicles capable of 70 mile per hour speeds, are being adopted by the U.S. Army after proving deadly in Russian-German battles.

RAGING STORM

hoods and getting on spark plugs and wires.

A big bus was ditched a short distance east of Grimsby on No. 8 highway when the driver swerved to avoid striking an abandoned car which suddenly loomed up in his path. Visibility was almost nil when the blizzard was at its height, and car windshields wipers failed to keep the snow off the glass in front of drivers for more than two or three minutes at a time.

In the town Supt. of Works, Lawrie, had his crew of men and side walk ploughs in action before five o'clock in the morning and workmen and business people had very little difficulty in getting to their destinations.

One stalled car in Grimsby, was well covered with snow and bore a State of Florida license plate which gave everyone a good laugh that noticed it.

Births

BEVAN—At Mount Hamilton hospital, on January 6th, to William and Mrs. Bevan, 35 Fairview ave., Grimsby, a baby daughter.

NEW RAIL CAR FOR WAR CASUALTIES

To provide comfort in travel for casualties of all branches of the Canadian Active Services returned from the overseas war zones, officers of the Royal Canadian Army Medical Corps and engineers of the Canadian National Railways have developed a new model hospital car designed to accommodate twenty-eight bed cases. The all-steel car was converted in the Montreal shops of the National Railways and sent to Ottawa for inspection by Hon. J. L. Ralston, Minister of Defence, and officers of the RCAMC and the Quartermaster-General's department. Col. E. L. Stone, of Ottawa, embarkation medical officer, designed the interior layout in co-operation with Canadian National Railways car experts. At

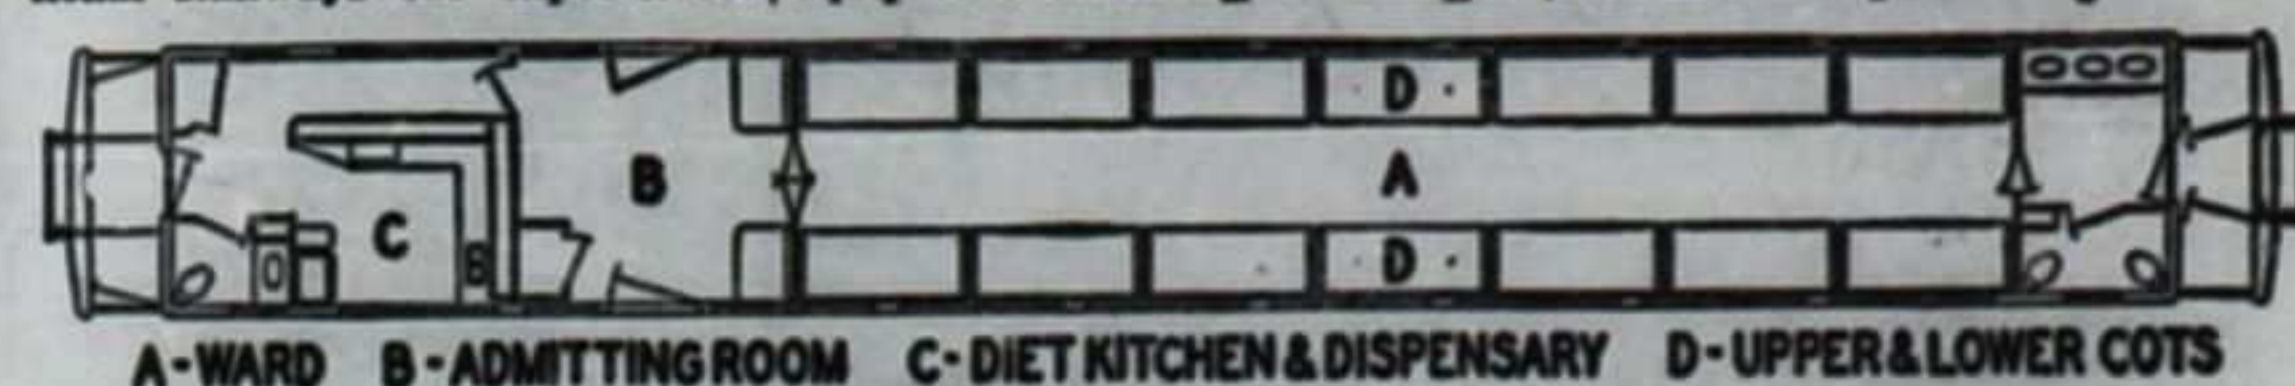

the inspection, Col. Ralston highly praised the designers and the railwaymen for their fine work.

Below is a floor plan of the car. The conventional berths have been replaced by spring beds slung in steel frames, upper and lower, with safety webbing for the protection of patients. The ward section is clear, spacious and airy and well-lighted. At one end is a room to be used as dispensary and diet kitchen, its equipment including a refrigerator.

ator. At the other end is a wash room. The car has wide side doors so that stretchers can be conveniently lifted in or out.

Left: Brig. Lett, recently returned from Overseas, tests the ward beds and pronounces them as being comfortable.

Right: The interior of the car showing the "Ward". Standard railway bedding is used. Each bed has a small hammock for the patient's clothes with a holdall for his small possessions.

if you marry...

if you move...

You MUST REPORT

● In the obtaining of the marriage license... the rush of preparation... the celebration of the marriage... do not forget that you are required by law to notify the National Registration authorities about the happy event.

The bride changes her name... often both the bride and the groom change their address.

Also, when any registered person moves at any time from one address to another, he or she is required by law to notify the National Registration authorities about the new address.

Every person in Canada, 16 years of age and over, unless exempted in writing, must be registered. It is a patriotic duty to comply with the National Registration regulations. You will avoid substantial penalties by doing so.

Every person, so registered, who afterwards marries or changes his or her address must report within 14 days to the Chief Registrar for Canada.

All registered persons are required by law to have their registration certificates in their immediate possession at all times. You may be required to produce your registration certificate, by the proper authorities, at any time.

Every duly registered person whose registration certificate has been lost, destroyed, worn out or defaced, should obtain a duplicate certificate. (Necessary forms and instructions for this purpose may be obtained from any Postmaster in Canada.)
